

## **REMARKS**

Reconsideration of this application, in view of the foregoing amendments and the following remarks, is respectfully requested.

### **Drawings**

The drawings are objected to because of certain informality. Applicants have submitted replacement sheets with corrections.

### **Claim Rejections - 35 USC § 102**

Claims 1-3 and 11-13 are rejected under 35 U.S.C. 102(e) as being anticipated by Jung (U.S. Patent No. 6,483,553).

Claims 1 and 11 have been amended to include the allowable limitations. Accordingly claims 1 and 11 and those depend therefrom are patentably distinguishable from the cited reference.

### **Claim Rejections - 35 USC §103**

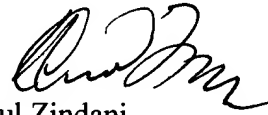

Claims 1-4 and 11-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Li (U.S. Patent No. 6,654,429).

Claims 1 and 11 have been amended to include the allowable limitations. Accordingly claims 1 and 11 and those depend therefrom are patentably distinguishable from the cited reference.

Applicants have submitted new claims 45-50 including the allowable limitations. Accordingly, Applicants believe that these claims are patentably distinguishable from cited references for at least the same reasons as allowable limitations.

Applicants believe this application and the claims herein to be in a condition for allowance. Should the Examiner have further inquiry concerning these matters, please contact the below named attorney for Applicant.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Abdul Zindani', written in a cursive style.
